CITY COUNCIL MEETING DATE: AUGUST 6, 2008
DEPARTMENT: PLANNING AND DEVELOPMENT

ITEM DESCRIPTION: VAC-28269 - APPLICANT/OWNER: 3920 ROWLAND AVE,

LLC

## \*\* CONDITIONS \*\*

#### The Planning Commission (5-0 vote) and staff recommend APPROVAL, subject to:

- 1. The limits of this Petition of Vacation shall be defined as the entire width of Rowland Avenue, south of Alexander Road.
- 2. Prior to the recordation of an Order of Vacation, a Reversionary Map or other action acceptable to the City Surveyor shall record to eliminate the existing property lines so that all parcels remain adjacent to a public street upon this vacation action.
- 3. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the recordation of the Order of Vacation for this application. Appropriate drainage easements shall be reserved if recommended by the approved Drainage Plan/Study.
- 4. All existing public improvements, if any, adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to the recordation of an Order of Vacation.
- 5. Provide a plan showing how the right-of-way proposed to be vacated will be incorporated into the abutting properties, including those properties not controlled by the applicant, so that an un-maintained "no-man's land" area is not produced by this action. The required plan shall identify exactly who is responsible to reclaim each portion of right-of-way and exactly how the right-of-way will be reclaimed, and shall provide a schedule of when such reclamation will occur. Such plan shall be approved by the City Engineer prior to the recordation of the Order of Vacation or the submittal of any construction drawings adjacent to or overlying the area requested for vacation, whichever may occur first.
- 6. Reservation of easements for the facilities of the various utility companies together with reasonable ingress thereto and egress there from shall be provided if required.
- 7. All development shall be in conformance with code requirements and design standards of all City Departments.

- 8. The Order of Vacation shall not be recorded until all of the conditions of approval have been met provided, however, that conditions requiring modification of public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way or easement being vacated must be retained.
- 8. If the Order of Vacation is not recorded within one (1) year after approval by the City of Las Vegas or an Extension of Time is not granted by the Planning Director, then approval will terminate and a new petition must be submitted.
